Recreation District Information Pamphlets To Be Distributed

More than 5,000 informational pamphlets concerning the proposed recreation district will be distributed starting December 15, Arthur Thomas and Mrs. R. E. Turner, co-chairmen of the education and information committee on recreation, announced this week.

Thomas said the pamphlets are being prepared from

Two Men To Face Court On Charge Of Stealing Purse

Two men accused of stealing the purse of a Lemon Grove woman face a preliminary hearing next Monday.

The men, Phillip W. Wallace, 20, of 7951 North Ave., Lemon Grove, and Richard Henderson, 21, of 3945 Quarry Road, La Mesa, were arrested November 25.

Mrs. Pearl Koopmans, 1230 Golden Avenue, Lemon Grove, told sheriff's deputies that a man stole her purse as she was looking in a store window on Broadway.

The man, she said, ran down an alley and eluded her when she tripped and fell while chasing him.

She identified Wallace as the man who took her purse. She said another man was standing in the alley.

questions asked at the various Coordinating Council meetings. Answers to the questions were obtained from County Counsel, the Board of Supervisors, the Council's legal advisor, V. J. Dorman, and from a group of candidates for the non-paying position as commissioners.

The election will be held December 22. A simple majority

The Reverend E. Walter Smith, president of the Coordinating Council, said he and Thomas would give informational talks to clubs and groups upon request.

Thomas said a house-to-house distribution of the pamphlets would be made through volunteer services of PTA school

Assault Charge May Be Filed In Theater Fracas

Felony charges of assault with a deadly weapon may be filed against the driver of a car which almost ran down a security patrolman, knocked down two speaker posts and sideswiped two cars last weekend at the Ace Drive In Theater in Lemon Grove.

Sheriff's Sergeant Robert Ryan said that he isn't sure yet whether the felony charge will be filed or whether the misdemeanor charge of "assault with a car" will be made against the driver. J. A. Isaacs, patrolman with the Aztec Securities Patrol Service, told police that he approached a car containing two youths to ask them to stop sounding the car's horn while the show was in progress. He said that a "white coat," an attendant at the theater, was with him.

As he approached the car, he said, the youths started up the vehicle, tried to run over him, knocked down two speaker posts and sideswiped two cars, then sped out of the theater lot.

Sgt. Ryan said that in addition to the assault charge, the driver will be charged with hit-and-run property damage, a violation of the vehicle code.

A license number obtained by witnesses has led to a search for a San Diego youth for questioning about the incident.

Mass Meeting Set For Telling Views On Zoning Plan

A mass meeting to give property owners a chance to express their views on the proposed zoning of part of Spring Valley will be held at 8 p.m. December 14 at the Spring Valley Chamber of Commerce.

Members of the Chamber last Monday night set the meeting and said that a composite of the feelings expressed will be presented to the County Planning Commission at its December 18 meeting.

The meeting will concern primarily those property owners within the boundaries of: north on Campo Road from the top of the hill across the street from the McGowan Turkey farm, to east of Helix St., on the east along a line southerly of the south line of Helix St., to and including the south line of Rosedale Dr.; on the west, on a northerly line along Bancroft to Olive Dr., then on a continued northerly line along the area west of Bancroft Dr. to the point of beginning on Campo Rd.

75 Students to Vie In 115-Mile Contest

Some 75 students from Mt. Miguel, Grossmont, Helix, El Cajon, and El Capitan high schools will drive a 115-mile course this Saturday with the prizes going, not to the swift, but to the safe and economical.

The student drivers will gather for fueling at the C and J Service, 407 El Cajon Blvd., El Cajon. The first car will be flagged off at 9 a.m. and others will follow at one-minute intervals.

The safety-economy run is being sponsored by the El Cajon Jr. Chamber of Commerce with organizational assistance from the General Petroleum Corporation (Mobilgas) and the Automobile Club of Southern California (AAA).

Adult observers assigned to each car will evaluate the students in terms of how they handle themselves and their cars in a variety of driving situations. For each infraction of a safe driving practice the student will be penalized one-tenth of a gallon of gasoline which is added to the amount he actually uses to drive the course.

Although no special police patrol will direct the contestants, the California Highway Patrol and local police departments are cooperating with high school faculty members who are run stewards and with the junior chamber.

The course was logged by the Auto Club and the California Highway Patrol to test the student drivers' abilities to cope with everyday traffic situations

Chamber of Commerce Eyes Dec. 10 Election

Fourteen nominees have been listed on the Lemon Grove Chamber of Commerce ballot to fill seven vacancies on the chamber's board of directors. Three of the directors-to-be have been nominated for the presidency but each must be elected as a director before he is eligible to run. Ballots went to more than 200 chamber members this week.

The election will be held December 10.

The fourteen are: Louis Alford, liquor store operator; Hank Templeton, manager, Lincoln Finance; Charles Hesser, real estate broker; Marshall Adams, jeweler; and Jim Spears Ford dealer.

Also: Norman Kolkey, owner, Williams Department Store; Charles Degenhart, manager, Don Diego Markets; Irving Marder, stationery store owner; Sam Pernicano, restaurant owner; Ed LaSalle, Jr., automotive supply firm owner, and Larry Folda, building materials supply firm owner.

Also: Bob Vaught, camera shop operator; Claude Sarvis, men's store manager; and Jesse E. Lee, whose term as chamber manager expires this year.

If the following are elected as directors they will be presented to the board as nominees for the chamber presidency for next year. These are Larry Folda, Bob Vaught and Jesse Lee. Nominations may be made from the floor, too. Jim Spears is the sole nominee for vice-presidency, the same position he held last year.

The ballots will be opened and tallied in the chamber's office, 7350 Broadway, at 11 a.m. December 10. The names of the successful candidates will be announced the same day at the chamber's luncheon meeting at noon at El Morocco. Immediately following announcement of successful directors the election for the 1960 president will be held.

The chamber will discuss at least two important matters. One will be the contract for Miss Helen Moulton who has been chosen to be the full-time manager of the chamber next year.

The other item will be the money-raising project under the direction of Larry Folda. The money is to retire an obligation of \$2,100 owed by the chamber to College Grove Shopping Center's George A. Scott. Scott told the chamber he would cancel the obligation if the chamber raised an amount equal to the obligation. Folda, head of the fund-raising division, set up a contest with a color television set and 20 turkeys as prizes. The television set is on display at Bowen's, 7769 Broadway. The turkeys will come from Don Diego Market and Broadway Market.

Folda said he deposited more than \$200 Monday of this week as the first batch of donations came in. He said there was no question as to the success of the project.

Post Office To Observe Special Hours

The Lemon Grove post office will be open at special hours starting next Monday in order to take care of the rush of Christmas mailing, according to F. R. Faucher, postmaster.

He said that the mailing windows will be open from 8 a.m. to 7 p.m. on December 7 through December 19; from 1 to 5 p.m. on Sundays; and from 8 a.m. to 6 p.m. from December 21 through December 23. The postoffice will observe regular hours on Christmas Eve. Postmaster Faucher also suggested that packages be securely wrapped and plainly addressed and that Christmas cards be mailed early.

CHRISTMAS STORY

The children's department of the Lemon Grove library is planning a series of three Christmas Story hours, 4:30 p.m. December 4, 11 and 18. All youngsters are invited to attend and hear Ruth Sawyer's "This Way to Christmas."

Mt. Miguel Matadors Win In Long Beach Band Fete

Mt. Miguel's Matadors band won first place in Class A at the Long Beach Band Review last Saturday.

Karen Mickelsen placed third in the drum majorette division, and Jeanette Lowe placed second in the division for baton-twirling majorettes.

L. K. Christianson, director of the band, said that "if there had been awards for well-behaved high school kids, Mt. Miguel would have won the sweepstakes."

There were 100 members in the band.

The DIMMER VIEW

by MAX GOODWIN

The Edsel automobile, whose front resembled nothing more than a goldfish spitting out a piece of sour fishfood, is no more.

I can't honestly say that I'm sorry except in the instance of the unsuspecting buyers who ended up with an auto out of production, although it is reported that a certificate worth \$300 on other Ford products has been offered to them.

Ford stopped production on the Edsel after two years and \$250 million investment of the car designed to satisfy the whim of families in the \$5,000-and-up-a-year-bracket.

While I have no squabble with Edsel, or any other manufacturer, on whether they start or stop production on any model, I do feel justified in complaining about the four headlights they build into them. My irritation with Edsel is only to the amount that their first model had four headlights.

Four headlights can certainly do one thing better than two headlights. They can completely blind the oncoming driver at night and I am dedicated to the belief that these headlights may not be operated separately nor on low beam.

Most of the other autos are designed with four headlights nowadays except for the smaller cars. It is interesting to note the "small" and "compact" cars are selling in record-breaking numbers presently. It is also interesting that practically none of these have more than two headlights.

There must be a lot of reasons for the popularity of small cars but I can't help feeling that it is because the biggest cars have two too-many headlights.

Government budgeting should be on the same sensible basis as family budgeting says Dr. Harley Lutz, Princeton University professor emeritus of finance, and consultant to the National Association of Manufacturers.

When Mama makes a budget she notes what income she can expect . . . what Papa earns, less what he squanders for lunch and bus fare. Then she decides what she will spend on necessities. What's left over, if anything, may go to savings and luxuries.

Our governments go about it backwards, says Dr. Lutz. First, governments decide what they want to spend for necessities, luxuries and frivolities and then they levy taxes to cover the spending.

Seldom do county, city, state and federal governments govern their spending by what the people can really afford. Dr. Lutz says, "Under this procedure the spenders always come to bat first." He says the reverse of this procedure would be "to decide first how much of the people's income it would be safe and wise to take for public purposes and then adjust and apportion within this limit."

Under the present cart-before-the-horse system Americans are devoting 31 percent of their national income to their various governments, he says. This ratio isn't likely to decrease either, he says, because to spenders, all government projects are important.

To the people, excess taxes represent unbuilt factories, new businesses not started, new clothes for kiddies not bought, operations postponed and many other things scooped up as non-vital tax money.

Governments do not support the people, Dr. Lutz says. Through history populations have understood this, until our time, when so many swallowed the idea that government could make us all rich by taking our money and spending it!

Little Angel Cookies

BRIGHTEN THE CHRISTMAS SCENE

Delicious to eat and decorative, too — these cookie charms start with quick, convenient, refrigerated cookies from the grocer's dairy case. No measuring, mixing, or shaping required — all you do is slice 'n bake like this:

Slice 1 roll Pillsbury Sugar or Toasted Coconut Slice 'n Bake Cookies 1/8-inch thick. For each angel, cut a narrow strip from two sides of a cookie slice leaving a triangular-shaped piece to form the body. Place on ungreased baking sheet. Use cut pieces at sides for wings. Make a small ball from one-fourth of another slice for head. Bake at 375° for 7 to 10 minutes. Cool 1 minute before removing to cooling rack. Decorate with white icing, powdered sugar, or small candies. Makes about 3 dozen.

Store Expands, Packs Gift Food Items

The C. O. Johnson Packing Co. of Lemon Grove, which was formed 14 years ago by the late C. O. Johnson, still thrives. It now is quartered in the new addition (at the rear) of the Lemon Grove Health-Ful Food Store at 7894 Broadway.

The packing company has operated at several locations since it began, but Mrs. Johnson, who still supervises the packing, says the company will remain in Lemon Grove. She employs eight women.

The workers package dates, dried-fancy fruit gift packs, under labels "Excel", "Mesa Gold" and "Fruta del Sol," mostly in rattan baskets and redwood boxes.

The Johnson Packing Co. is primarily set up to serve the wholesale business, serving health stores, candy stores, super markets, etc. The business is now limited to San Diego County but Mrs. Johnson says she plans to expand in 1960. Visitors are welcome to come in and observe the packing operation, says Mrs. Johnson and Ed Gustafson, proprietor of the store.

Propellor Nicks Preacher's Head

The Reverend Donald Cooke was nicked on the forehead by the tip of a propeller Saturday while he was turning the propeller of an unoccupied airplane at Gillespie Airport.

The engine's compression caused the propeller to jerk. Fifteen stitches were required to close the cut.

The airplane is registered in the name of two Lemon Grove men. The owners are Max Goodwin and James Spears.

Mr. Cooke lost no time from his calling as a result of the injury.

Shopping Center Zoning Okayed For Ten Acres

SAN DIEGO (CNS)—A change to commercial zoning for almost 10 acres at the intersection of Freeway 94 and Campo Road was granted Friday by the County Planning Commission after commission members split among themselves on the policy of demanding land donations for road widening.

The commission committee which studied the site recommended that the zone change be granted only on the condition that the applicant, John C. Mabey, give the county the land needed for the proposed widening of Campo Road and relocation of the Highway 94 frontage road.

It was agreed that Mabey's requested zone change would not increase traffic in the area enough to make him responsible for road changes.

Mabey told the commission that he had been held up for seven years on his plan for developing a shopping center, and declared that he should get commercial zoning for all of the land.

The commission voted to make the zone change with no strings attached. The action must be confirmed by the County Board of Supervisors.

School Building Plans Approved By Commission

SAN DIEGO (CNS)—Approval of plans for a school building on Highlands Boulevard, at Barcelona Way, Spring Valley, to be known as "Highland Avenue School," was granted Friday by the County Planning Commission.

The school is in the La Mesa-Spring Valley School District, and the commission at its session two weeks earlier had recommended against the same district acquiring three proposed sites.

Friday's approval was based on recommendations that the district give land to the county on the two streets and not build within 50 feet of the streets. The commission also urged district trustees to fence the boundaries, the kindergarten yard and the parking lot.

Balladeers to Sing At State College

Josef Marais and Miranda, international "balladeers" famous for their unique concerts, recordings and radio and television programs, will appear Friday, December 11, at 8 p.m. in the Campus Laboratory School Auditorium at San Diego State College.

Sponsored by the Lectures and Assemblies Committee, the program will be open to the public for a \$1.50 admission charge.

Marais and Miranda have collected folk songs from many countries, translated them into English, and fashioned them into solos and duets. Most of their songs are presented with an additional verse in the original language for authentic flavor and style.

Marais sings in an easy, relaxed baritone, and Miranda in a light soprano as Marais plays accompaniments on the classic guitar.

Marais, born in South Africa, was a violinist and composer, giving recitals in England, when he began a series of song and adventure programs for the British Broadcasting Corporation called "African Trek." In these he featured South African folk songs which he had known since boyhood days on his father's sheep ranch. The broadcasts became so popular that he came to the United States to present a similar series for the National Broadcasting Company.

Miranda, born in Amsterdam, began her career as a pianist and accompanist. While studying voice in New York she became an admirer of Marais' broadcast programs. The two first became acquainted, however, while work-

ing together for the Voice of America.

Since their marriage in 1947 they have toured widely in the United States and Europe, have appeared together on NBC and CBS networks; have published many popular songs and a folk opera and have made recordings of folk songs, ancient ballads, popular songs, and children's songs.

Marais and Miranda have consistently maintained that the folk songs of one country will be loved and adopted by the people of other countries if presented to them in form which they can understand and enjoy. The truth of their claim is shown by the enthusiastic public response to their performances.

note that San Diego isn't one-two-three in the state's alcoholic consumption standings. This disturbing knowledge was made known recently by Assemblyman Sheridan Hegland at an Assembly Public Health Committee meeting at Berkeley.

San Diego drinkers have not failed for lack of the old college try either, because you can see them day and night at the watering spots, a glazed glint in their eyes, a determination, of a sort, of their faces, and a ready argument for those who might charge they are not doing their share.

The sobering facts given by Hegland include some already known to many of us: that California leads the nation in alcoholism; that there are 600,000 alcoholics in California today; that five men suffer alcoholism for every woman who does, and that employed alcoholics average 22 days of absenteeism each year.

In the age bracket of 35 to 44 alcohol is listed as the fifth cause of death, and in the ages of 45 to 54 it rises to third yet the alcoholic problem has increased dramatically in the 13-19 year-old groups.

The final fact laid before the Committee is that fewer than 2,000 of our 600,000 alcoholics are under treatment at the state's seven clinics.

We thought these figures would be worthy of note at the start of the holiday season when all the stops are pulled out on social drinking.

Look at it this off-beat way, if you wish. The holiday party drink you take probably won't harm you, but it might encourage a guy to start drinking who doesn't have your will-power and determination.

mothers. He emphasized that the object of the wide distribution is to provide information for anyone who seeks it.

Mr. Smith said he planned to ask the Homeland Pastor's Association to have the pamphlets distributed after church the first Sunday they are available.

Seven candidates have filed for the recreation commission. Five of them carry the recommendation of the Coordinating Council. These are: The Rev. Donald Cooke, pastor of the L. G. Methodist Church; Mrs. Elizabeth Martin, housewife and civic leader; V. J. Dorman, attorney, counsel for Coordinating Council, counsel for the Lemon Grove Fire District and former school board president; Dr. Robert Burns, veterinarian and the former president of the Lemon Grove Swimming Pool Association and leader of other community projects; and Jim Spears, local Ford dealer who formerly headed up the Chula Vista youth program through which that city's park and zoo were built.

These five are on record as advocating a 10-cent-or-less ad valorem tax for the district.

Two candidates sponsored by the Lemon Grove Taxpayers Association are Mrs. Florence Tamila, a housewife and executive of the Taxpayers group, and Robert Bevier, an aircraft worker.

PETITIONS ACCEPTED

SAN DIEGO (CNS)—Acceptance of nomination petitions for candidates for places on the board of the Lemon Grove Recreation District was approved Tuesday by the County Board of

Supervisors, even though the petitions are not in the form prescribed by the county council's office.

Bertram McLees, Jr., assistant county counsel, told Supervisors that there was some question as to the type of petition to be filed, due to obscurities in the state law.

"Well, we don't want to reject them," said Supervisor David Bird, "so I move that we order the clerk to accept these petitions."

Bid for New Road Denied by Board

SAN DIEGO (CNS)—A request from the Spring Valley Local Fire District for the opening of a road from Orville St. to St. George St. between Brucker Avenue and Gillespie Drive, was turned down Friday by the County Planning Commission.

The commission ruled the proposed road crosses property that could be used for a subdivision, so that it should be accepted only as part of a subdivision map. It was stated this was the only way the alignment of the road would be sure to fit into development of abutting land.

13-Year-Old Boys Wreck 'Borrowed' Automobile

Three 13-year-old Spring Valley boys, students at Mt. Miguel High School, were taken to County Hospital and then Juvenile Hall Friday, after the car, which one of them drove and in which the other two were passengers, ran off the road at Central Ave. and Tyler St., Spring Valley.

Two of the boys were "badly shaken up" in the accident, according to the Calif. Highway Patrol. Two of them were released to their parents on Sunday and the other remained in Juvenile Hall.

It all started when the boys wanted to use the 1951 Ford, owned by Louis A. Miller, of 2090 Massachusetts Ave., Lemon Grove. One of the boys is Miller's grandson. The boy's sister told him not to use the car, but the boys, intent on "showing off" before some girls, managed to get the car started by crossing the ignition wires and drove away.

Disposition of the case as of Monday, had not been determined. A spokesman for the C.H.P. said he wasn't sure if the charge would be car theft or "just borrowing" it.

Fire Department Lists Four Calls

Two ambulance runs and two fire calls were listed for the Spring Valley fire department for the week of Nov. 23-Dec. 2. Ed Palserok of 8951 Valencia Dr. was taken to Villa View hospital on Nov. 25, suffering from pains in the chest.

Mrs. Hazel Costa of 3920 Hillside Dr., was taken to Grossmont hospital on Nov. 26, after she fell from a ladder. At 12:23 p.m., the same day firemen put out a grass fire at Coprad Dr. and Estrella. There was no damage, according to the report.

A fire started in a bamboo house, used as a children's playhouse at the rear of property at 8850 Lamar St., on Nov. 27. The fire caused damage to a nearby tree.

Square Dance News . . .

With Ray Columbe at the mike and many visiting guests, Country Cousins had a grand time Saturday night.

December 5 the Kactus Kickers will sponsor a benefit dance at our hall, La Mesa Junior High School. We hope to see all of your smiling faces in attendance.

Happy Birthday greetings are extended to that lovely lady "Mrs. Callier," Ann Columbe.

December 26 will be our Holiday Dance. Everyone is invited.

The Promenaders Square Dance Club, meeting in the Spring Valley Chamber of Commerce building, held their Thanksgiving dance Nov. 25. Frank Dyson, club caller, was assisted by guest callers Ron East, Al Rider and Art Riding. Guests were Bobo and Sis Bawmaster, Kitty Collier and Harold Grass. The door prize was won by the Bowmasters.

Frontier Squares caller Bill Keller is instructing two square dance classes. One, a new beginners class now in their 5th week of instruction, and the other an advanced class in its 20th week. Should any reader be interested in brushing up on their square dancing, do consider one of these two classes. Call CO 4-4963 for information.

Mrs. past president, Mary Meadows, under went surgery recently, but is home now recovering nicely and the club members are anxiously awaiting her return to dancing.

The club dances on the 2nd and 4th Saturday nights at Spring Valley Junior High School and advises you: "When you desire the finest square dancing" dance with Frontier Squares.

Since house plants do not have the privilege of growing out of doors in natural conditions of rain and sunshine, they seem to need extra protection in many ways.

I have found it advisable to use the materials that I use for house plants at a lesser strength than when using them for plants out of doors.

This usually applies to spray materials, which I always try at half strength the first time, although I use one non-oil emulsion that is perfect for house plants without cutting the strength. And when applying trace element products, I use them at half strength and give them a little oftener than I would out of door plants.

If I want to disinfect the soil in which such house plants are growing, I use a copper ether product but I use it at half strength and repeat the treatment within a couple of weeks. Learning to care for your house plants is a technique.

2-Year-Old Is 'Dimes' Poster Girl

PREVENT CRIPPLING DISEASES

JOIN THE MARCH OF DIMES

Mary Beth Pyron, 2, daughter of Mr. and Mrs. James T. Pyron of Florence, Ala., has just been chosen national poster girl for the New March of Dimes 1960 campaign in January. Her picture will appear on millions of posters (above), canisters and coin collectors in every town and village of the country, symbolizing the New March of Dimes attack on crippling birth defects, arthritis and polio, diseases that affect one in every four U. S. families. Mary Beth was born with an open spine and water on the brain. Medical science knows no way of helping her. Hope lies in scientific research supported by the New March of Dimes. Mary Beth is a sunny, affectionate child and loves to ride her new walking horse (left). Her brother Tommy, 4, is a normal child.

Curiosity Leads Woman To Start New School

Curiosity led Mrs. Clyde (Helena) Daubin, 10160 Del Rio Rd., Spring Valley, into investigating the mysteries and management of scales, the different types of cash registers and the change computer, and where the food markets obtain their help.

She found that many of the large markets have had to set up training schools for their personnel.

As a result of those investigations, Mrs. Daubin several months ago opened a new school—the Market Training Institute, at 4965 El Cajon Boulevard, San Diego. Its purpose is to train checkers, clerks, cashiers and packers for small and big markets.

"I found so many of the young people between the ages of 20 and 35 eager to work, but many of them have never been trained for any specific work," Mrs. Daubin told a correspondent of this newspaper. "That I decided to do what I could to train them for the markets which have a constant need for trained personnel. We have had students from the day the Institute opened and are now graduating our first class of nine."

Mrs. Daubin outlined the following study courses: The study of the three different types of cash registers and parts; a sure system of fingering on the cash register; the fundamentals of arithmetic; check stand procedure; sales tags; how to handle money at the checkout; safeguards in handling money; checks; checkout forms; recognition of ans; saking; guarding against shoplifting produce; use of scales up to ten pounds and larger numbers; filling out pro-

duce sheet; stacking and arranging merchandise; use of "Kwik-mark" cutter; employees' appearance; how to get and hold your job. The last two items of the course are handled by a representative from a recognized Charm School, she says.

The first three days of the week is devoted to one class, the later three days to another. The hours are from 9:30 to 4 p.m. These classes have a three weeks' course. An evening class meets Monday, Tuesday and Wednesday from 6:30 to 9:30. In this class the students are trained to be grocery checkers and the use of cash registers.

The school is open to young men and women, although there is no age limit, because there have been inquiries from small grocery owners who desire to learn for themselves.

Heart Surgery Fails to Save Young Woman

A surgical operation ended in death last week for the daughter of a Lemon Grove couple.

Mrs. Janice A. Wilkinson, 27, died in a Kansas City, Kans., hospital following heart surgery. A year earlier, doctors had fitted a plastic valve in her heart and last week performed surgery to make adjustments. Mrs. Wilkinson died following the operation.

She is survived by her husband, Allen, with whom she lived in Wichita.

Her parents, Mr. and Mrs. Orville Haselwood of 531 Willow Drive, Lomita Village, are caring for her son John.

Funeral services were conducted Friday by Conrad's Lemon Grove Mortuary. Burial followed in Mt. Hope Cemetery.

★ We always find the sight of a pretty young thing worth taking time out for.

County May Aid In Avocado Study

SAN DIEGO (CNS)—A study of avocado strains to aid local growers probably will be undertaken at county expense, it was indicated last week by the County Board of Supervisors.

The Board asked Dean F. Palmer, county agricultural commissioner, to work with the San

Diego County Farm Bureau on its request for free use of county facilities.

The bureau's research committee, avocado department, is requesting the use of laboratory facilities without charge to the avocado industry for investigation of new maturity experiments.

Physician Wins Battle Against County Planners

SAN DIEGO (CNS)—After a year long battle, a Lemon Grove physician and his wife at Tuesday's session of the County Board of Supervisors won a resounding victory over the County planning Commission.

Dr. and Mrs. Gilbert Chassy, who have appeared numerous times before Supervisors and the planning commission to get the kind of commercial zoning they desire for their land at the southwest corner of Main street and Pacific Avenue, gained their point Tuesday, and brought a victory for other property owners in the area.

The Chassys had sought C-1 zoning (which does not require a property owner to provide parking for customers) for their land, instead of the C zoning (with parking) voted by the planning commission when it rezoned the entire Lemon Grove business area. The property had been C-1 before the rezoning.

School District Borrows \$250,000

SAN DIEGO (CNS)—A loan of \$250,000 to the La Mesa-Spring Valley School District was approved Tuesday by the County Board of Supervisors.

The advance, being made by the county treasury, is required by the district to tide it over until the receipt of taxes for the current year. The county treasurer's office reported to Supervisors that the district has sufficient funds coming in to pay off the loan.

Skyline Drive Improvement Asked

SAN DIEGO (CNS)—A petition for the improvement of Skyline Drive, Lemon Grove, was received by the County Board of Supervisors Tuesday. The request, signed by Mrs. Louise G. Reynolds and 21 other residents, asked for the widening, grading, and installation of curbs on Skyline Drive. It was referred to the road department for investigation. That department is to make a recommendation to Supervisors.

Low-Calorie Cookies Rate Tops For Holiday Snacks

Cookies are part of Christmas, too—a "must" for holiday callers and family nibbling. Delight them with these crisp, raisin-spice treats that have an appetite-saving secret: sweetness without added calories.

Ordinary sweets are filling fare. They have a way of killing young appetites and stretching waistlines, especially at holiday times.

Not so with this cookie treat. Its sweet trick is a smidgin of saccharin, 400 times sweeter than sugar but calorie-free!

Raisin Spice Cookies

Turn on oven; set at moderately slow (350°).

Dissolve: 1 saccharin tablet (1/4 grain) in 2-Tbsp. water

Boil for 3 minutes in a quart saucepan

3/4 cup water 1/4 tsp. nutmeg

1/4 cup shortening 1 tsp. cinnamon

1 cup seedless raisins

Let cool until your hand can be held comfortably on the bottom of the pan.

Add dissolved saccharin and 1/4 tsp. baking soda

1/4 tsp. salt Beat in 1 egg

Sift together 1 cup sifted, all-purpose flour 1/2 tsp. baking powder

Stir into egg mixture

Drop by tablespoons 2 inches apart onto well-greased cookie sheet. Bake on oven shelf slightly above center for eight minutes or until glossy and just barely soft to the touch. Remove from pan at once. Makes two dozen. Calories in one cookie: 56.

United Fund Hits 88 Per Cent Of Goal in Drive

The United Fund has reached 88.08 per cent of its goal.

This is \$2,751,314, the highest mark ever attained by the United Fund in San Diego County. The report came at the final reporting meeting of the year last Tuesday.

In addition, said Jack Lovejoy, general campaign chairman, contributions and pledges still to come in virtually assure that the United Fund will sail past the three million dollar mark.

The campaign chairman stressed that volunteers will continue to follow through on prospects.

"The drive is not over until every person and every firm in the community has had the opportunity to make one gift on behalf of 97 agencies," he said.

Campaigners in the Heartland Division, headed by Robert Simoneau of La Mesa, reported they had raised \$53,861 toward a \$72,500 goal, or 81.19 per cent.

Simoneau told the meeting that the local campaign would not end their efforts until the full goal was reached. The residential campaign in Lemon Grove headed by Mrs. Neil Zitzen, 3745 Vista Street.

Camp Fire Girls Plan Peanut Sale

The eighth annual peanut sale by the San Diego County Council of Camp Fire Girls will be held January 15-30, it was announced by Paul J. Hartley, recently appointed chairman of the drive.

Mrs. Juanita Peters, 2047 Imperial St., Lemon Grove, is chairman for the Ka Kiya district, which includes La Mesa, Lemon Grove, Spring Valley and Encanto.

Serving as district distribution chairman will be Mrs. Ray Bullock, 3528 Citrus, L.G.; and Mrs. John D. Hoe, 5981 Howell Dr., La Mesa.

More than 4,000 Camp Fire Girls, Blue Birds and Horizon Clubbers will participate in the sale, with a goal of 135,000 cans expected to net the council building fund nearly \$30,000. Participating groups in the peanut sale will receive some \$4,300 as their share of the council profits.

Hartley, former San Diego city councilman, said that the proceeds of the sale will be used for improvements at Camp Wahi, Camp Fire's mountain camp at Cuyamaca, and for development of Camp Cahito, the council's site in Balboa Park.

Newspaper Hall of Fame Winners To Be Chosen

State publishers will honor 1959 winners of the California Newspaper Hall of Fame project at an awards dinner to be held at the Cliff Hotel, San Francisco, on Friday. The yearly event is sponsored by the California Press Association as a feature of its annual two-day conference.

Thomas M. Storke, publisher of the Santa Barbara News-Press for more than 50 years, will be the speaker for the occasion. Lowell E. Jensen, of the Livermore Herald and chairman of the Hall of Fame project, will preside.

Headed by Justus F. Craemer of the San Rafael Independent, other officers of the sponsoring organization include Vice President Fred McPherson of the Santa Cruz Sentinel; Secretary Bert Abraham of the Anaheim Gazette; and Treasurer Phillip N. McCombs, general manager of Allen's Press Clipping Bureau, San Francisco.

Launched in 1957 following a suggestion made by John H. McCoy, director of the USG School of Journalism, seven winners have previously been selected for the Hall of Fame.

Three selected in 1957 included Walter Colton, James King of William, and Robert B. Sample, all having been active in California journalism prior to 1860. Last year the honorees were Charles and M. H. de Young, founders of the San Francisco Chronicle; Samuel Brannan, early-day editor of the California Star; and William S. Green, dean of provincial editors in California for more than 40 years, who served as publisher of the Chula Vista Sun.

Joseph R. Knowland, veteran publisher of the Oakland Tribune, serves as chairman of a state panel of 15 judges named to select this year's winners. The group includes:

Representing the California Newspaper Publishers Association: John B. Long, general manager; Tod Watkins, Chalfant Press, Bishop; Gordon Hadley, Arcata Union; E. F. Elstrom, Fullerton News-Tribune.

Representing the California Press Association: Ford Chatters, Lindsay Gazette; Paul Leake, Woodland Daily Democrat; George Murphy, Manteca Bulletin; William Shea, San Diego Union and Evening Tribune.

Representing Theta Sigma Phi, professional fraternity for women: Miss Anna Rind, San Francisco; Mrs. Wanda Phillips, Los Angeles.

Representing Sigma Delta Chi, professional fraternity for men: James A. Bales, San Francisco; John Rose, Los Angeles.

Representing Press Clubs: Richard Litfin, San Francisco; Howard Williams, Los Angeles.

FARM CENSUS QUESTIONNAIRES BEING MAILED

Questionnaires for the 1959 Census of Agriculture are now in the mail and will be in the hands of local farmers within a few days, according to Field Director Leonard C. Isley of the Census Bureau's regional office at Los Angeles. The farm census questionnaires are being mailed from Chicago, with the distribution timed so that the report forms will reach farmers about a week ahead of the date when census takers will begin the field canvass.

Stanley T. Wilon, Turlock Journal, will have charge of the Friday afternoon sessions, with Ralph H. Turner, Temple City Times presiding during the Saturday afternoon program.

At the closing dinner session, Saturday, the Hon. Harvey Banks, director of the California Department of Water Resources, will speak on the subject, "The California State Water Plan and How it Affects Your Community." He will be introduced by Carlyle Reed, San Diego Union and Tribune.

Two Meetings Set For Discussion Of Junior College

Two meetings concerning the formation of a junior college district will be held next week on December 7 and 9.

The Citizens' Advisory Committee meeting will be held at 7 p.m. December 7 in the board room of the Grossmont High School campus.

The second, a public hearing, is scheduled for 8 p.m. December 9 in the El Cajon Valley High School cafeteria under the sponsorship of the San Diego County Committee on School District Organization.

The C.A.C. meeting will be devoted to information, and to questions and answers but the School District Organization hearing is a legal hearing required by state regulation, during which a study will be made on the feasibility of forming a junior college district.

The hearings and study was requested by Grossmont High School district officials.

After the necessary hearings and study, the School District Organization group will make its recommendation to the State Department of Education on whether or not a district-wide election should be held to see if the voters agree with the School District Organization group.

Local Girls Named To Madrigal Choir

Carol Prasser, 1951 Avon Lane, Spring Valley, and Celeste Loustalet, 2520 Washington St., Lemon Grove, have been named to membership with the San Diego State College Madrigal Singers. They will present their third annual Christmas Carol concert next Sunday at 3:15 p.m. in the music auditorium on the campus.

The 19 voice group will be under the direction of Cleve K. Genzlinger, assistant professor of music. The program will be open to the public without charge.

Genzlinger said the first part of the program will be a motet, "Jesu Priceless Treasure," by J. S. Bach, not frequently performed because of its difficulty.

Two 16th century choral works, "Adoramus Te" by Lassus and "Angelus ad Pastores Alt" by Calvisius, will be included in the program, Genzlinger said. He added: "These come from the same period and are very similar to the madrigal, which was mainly a secular musical form."

"Portrait in Black."

Until tomorrow, Vaya con Dios!

Four carols from the folk literature of Poland will be sung in an arrangement by Kozinski, as well as two other folk carols, "Shepherds Quickly Wake," a Tyrolean melody, and "Susanni," a German song.

Three traditional carols, "O Come O Come Emanuel," "O Little Town of Bethlehem," and "Silent Night," will complete the program.

In addition to his work with the Madrigal Singers, Genzlinger directs the San Diego State Opera Workshop. He joined the college faculty in 1957 and taught previously at Columbia University Teachers College and Texas Technical College.

Once Over Lightly

by Don Wilson

I have always secretly admired the punster and seldom agree with the saying that a pun is the lowest form of wit.

Like the other evening when Paula and I were watching TV and the man announced that Jimmy Durante had gotten married.

"Something smells about that story," Paula said.

I sensed a pun and got completely lost trying to think of a comeback involving the word "nostril."

"Oh, well," I said, "I guess he nose what he's doing."

It wasn't very good and it was late, but I got there with it.

This sort of thing goes on frequently around our house — usually with Paula and Katy snapping the puns back and forth and me sitting there desperately trying to think of a pun to go with the one word that I have sized on.

The TV announcer said that Rip Torn would appear on next week's program.

"He didn't need to say it sew loud," Paula said.

"Oh stop needling him," Katy said.

By this time, I managed to figure out my pun.

"Come on, you two," I said; "patch things up."

It took a long time for them to catch onto that one.

And if it isn't deliberate puns like that, it's the old Knock, Knock, Who's There? game.

I can start telling someone something and almost invariably I am interrupted by Paula or Katy shouting "Knock, Knock, Knock."

It is almost impossible to finish one simple sentence without some word in it setting them off. It goes like this:

ME: "I saw Theresa down-

town today and she—

PAULA: "Knock, knock."

KATY: "Who's there?"

PAULA: "Theresa."

KATY: "Theresa who?"

PAULA: "Theresa's old man called the Mississippi."

ME: "And she told me that she bought a Cadillac."

KATY: "Knock, knock."

PAULA: "Whos There?"

KATY: "Cadillac."

PAULA: "Cadillac who?"

KATY: "If that cat doesn't stay away from the dog that Cadillac part of its tail."

By this time, I'm about ready to give up and stalk into the living room. I tell them so.

"Stalk?" says Paula; "is that the kind of stalk celery comes in?"

"No," I say heatedly, it's a kind of market where they sell stalks and bonds!"

"Oh," says Katy innocently. "I thought it was a shot to keep you from getting polio."

Housing Developer Asks Time for Map

SAN DIEGO (CNS)—Bollenbacher and Kelton, Inc., will need more time for filing a final map for its Spring Valley Ranchos subdivision in Spring Valley, the County Planning Commission was informed Friday.

YES,
YOU CAN GET
IMMEDIATE DELIVERY
ON BRAND NEW
1960 FORDS

While production has been impaired and serious shortages have affected the automotive industry, we Ford dealers have been more fortunate than most dealers. Nearly half of the steel used in the production of Ford cars is made by the Ford Motor Company. Despite the slow-down necessitated by the strike, Ford production has never ceased.

Your interest in the wonderful new world of Ford is not nothing short of fabulous. You've found that this year's broad range of Ford's—three entirely new lines—has made important inroads into the problems of the high cost of car ownership. There's a Ford for every purse—beginning with

the Ford Falcon, the lowest-priced six-passenger car built in America today. And this year, the glamorous Ford Fairlane 500 is priced \$142 less than last year's model.

Many of you have backed up your interest in the 1960 Ford's with orders and have been pleasantly surprised to discover how rapidly deliveries are being made.

To those of you who have hesitated to place your order, this is to assure you that deliveries are rapidly approaching normal. The sooner you act, the sooner you'll be driving around in the newest of the new cars—the classic '60 Ford, the new-size Ford Falcon and the brilliant Ford Thunderbird!

LET US ALL PRAY TOGETHER AS A FAMILY

"Christian, dost thou not perceive that the heart of God is set upon thee, and that He is still minding thee with tender love, even when thou forgettest both thyself and Him? Is He not following thee with daily mercies? . . . Dost He not bear thee continually in the arms of His love, and promise that all things shall work together for thy good? . . . And canst thou be taken up with the joys below and forget thy Lord who fogets not thee?"

The regular business meeting and annual election of officers will be held at the church Friday at 7:30 p.m. The social committee will serve coffee and doughnuts after the meeting.

For his Sunday morning text Rev. Roland Taylor has chosen "This do in Remembrance of Me." Communion services will complete the morning services. In the evening Rev. Taylor will speak on the subject "Philip the Evangelist."

A reception honoring Rev. Taylor and his family will be held Sunday, starting at 3 p.m. in the church. Members and friends as well as ministers from other churches will be present.

For the Wednesday night prayer and praise services Rev. Taylor is commencing a series of studies in the Book of Genesis.

A unique money tree at the Bancroft Baptist Church has \$1 bills representing the leaves of the tree. The goal for the tree of \$100 is for a Lottie Moom sacrificial offering for Christmas.

Miss Moom was an outstanding missionary to China, who gave her services and life to Christ in the late 1800's. Her work was near Tengchow, where she taught the idol-worshipping people the "true way." Miss Moom appealed to the people at home to use their spare dollars to convert the Chinese instead of buying property and/or adding to their bank accounts.

Plans for the Bancroft Baptist Sunday School Christmas party are well under way. The party is scheduled for Dec. 20 at 7:30 p.m. at the church.

Teacher Tells Wedding Plan With Candy

Mr. and Mrs. William Schwenke of La Mesa announce the engagement of their daughter, Marlene, to Donald H. Lesney, formerly of Detroit, but now of San Diego.

Miss Schwenke revealed the announcement by passing the traditional chocolates to the Bachelorettes, in which she will lose membership upon her marriage. The bride-to-be attended Pacific Lutheran College in Washington, and was graduated from San Diego State College. She did graduate work at the University of Hawaii, and recently returned from a European vacation. She is a teacher with the La Mesa-Spring Valley School District.

Mr. Lesney graduated in engineering from the Northrop Institute of Technology.

A summer wedding is planned.

Missionary Federation Sets Program

The annual Christmas program of the Women's Missionary Federation of the Lemon Grove Lutheran Church will be presented in the church parlor next Tuesday at 7:30 p.m. with Mrs. William Schwenke and Mrs. Joe Kaiser making the arrangements.

Mrs. Fred Entekin will present the devotions and Pastor H. C. Bakken will give the Bible study for Christmas. Hostesses for the evening will be members of the executive board which include: Mrs. Robert Buckner, Mrs. Joe Kaiser, Mrs. Chester Hoberg, Mrs. Stanley Mauseth and Mrs. Virgil Duea.

The Young Adult Fellowship will have a Bible study and election of officers at its regular meeting this Saturday at 7 p.m. The group will meet at the home of Miss Nancy McCaslin.

The Sunday School Christmas program for the intermediate department will be Sunday, December 13, at 7 p.m. and the primary department, Sunday, Dec. 20, at 4 p.m. The public is invited.

Poinsettia Contest Open In County

Proud of your poinsettia plants? You will be even more proud if one of your plants should win one of the prizes in this year's Poinsettia Contest sponsored by the San Diego Junior Chamber of Commerce. This 1959 season marks the 11th year the Jaycees have played their part in focusing attention on San Diego as the "Poinsettia Capital of the Nation."

The contest will again include three divisions: tallest plant, largest bloom, and the most prolific plant. In years past some of the entrant's plants have measured up to 20½ feet tall, one with a bloom of 21 inches across, and a "most prolific" plant with 265 blooms.

All home gardeners of San Diego and the adjoining communities are invited to enter the contest. Entrants should call or write the San Diego Junior Chamber of Commerce, 947 Columbia Street, for an entry blank. Participants may enter one or all of the divisions, but no 1958 winner may enter the same division this year.

Deadline for entry in the contest is Monday, December 14.

Jaycees will eliminate and judge the entries between December 14 and 18. Winners will be announced on December 21, at which time they will receive prizes as well as having their names engraved on the perpetual trophy at the Jaycee's office.

Red Cross Aides Accept Thanks, Ask More Help

"My husband and I wish to thank you very much for all the rides our son, Michael has had to and from the Children's Hospital. We are sure he would not be able to walk today if it were not for the combined efforts of your Red Cross Society and the Polio Foundation. We are very much appreciative of you and the wonderful drivers. Mr. and Mrs. Kenneth A. Yahn, 3650 Niblek Drive."

The San Diego Chapter of the American Red Cross through the Lemon Grove Branch, is issuing a call and plea for drivers to volunteer and man the two-door sedan to transport invalids from this area from their homes to hospitals and back.

That this a needed and appreciated service is evident from the above letter and the many calls from doctors and hospitals to care for semi-ambulatory patients for transport. The Red Cross headquarters is constantly being called for this service, according to Mrs. Russell A. Branyan, HO 6-3850, Spring Valley member of Motor Corps service for Lemon Grove, Spring Valley and La Mesa, Mrs. Ruth Claussen, HO 9-4413, is Motor Corps chairman and Mrs. Margaret Perkins, Lemon Grove, HO 6-7426 is co-chairman for Lemon Grove. Les Freeman, city clerk of La Mesa, is chairman for the area.

These four representatives of the Red Cross for this combined Metropolitan area, request drivers, men or women, who can give a few hours a day to this work call them, or call the Lemon Grove Fire Department, where the Red Cross sedan is kept, and give their names. They suggest retired men or women, who can still drive, would find it a satisfying and diverting occupation.

God's Minute

"ADVENT"

The four weeks prior to Christmas are the Advent Season. Advent means "coming." During these weeks we prepare our hearts for the Christmas Gospel by meditating upon the coming of Christ. Christmas is not celebrated unless Christ is the center of it.

Freshman, Junior Varsity and Varsity football and cross-country letter winners will be admitted free to the dinner which is being provided by the Booster's Club. Members of Miguel's Girls' League will assist in the serving of the dinner.

Robert Spencer, senior counselor at Miguel, will emcee the program which consists of the awarding of letters and trophies

plus a musical surprise. The annual presentation of the Sportsmanship trophy will be made by the Lemon Grove Lions Club.

Any student or interested adult will be admitted with the purchase of a \$1 dinner ticket. Reservations should be made or tickets purchased by Monday, December 7, to insure adequate seating. Tickets can be obtained from football or cross-country team members or at the bookkeeper's office at the high school.

Robert Brady, ASB advisor who is supervisor of preparations for the affair, said, "Here's a fine chance for the community and school to recognize and honor these boys who work so hard to represent Mt. Miguel in athletics. The freshman cross-country team was undefeated and all the teams performed with spirit and determination."

Coached by Tom Welbaum and Harry Johnston, the varsity football team ended the season in a tie with Helix for fourth place in the League with four games won, three lost, and one tied.

Youths Invited To Join League For Basketball

Between 150 and 200 boys are expected to be on hand Satur-day morning at Grossmont High School when the La Mesa Youth Basketball League will hold its first tryout and registration for the 1956 season.

All boys between the ages of 11 and 14, and living in the La Mesa-Spring Valley School district are eligible and will report to the outdoor courts between 9 a.m. and 12 noon. A \$1 registration fee will be asked of each boy at this time.

The league is divided into two sections: Division "A" for boys 13 and 14 years old, and Division "B" for boys 11 and 12 years old. Last year there were six teams in the "A" league and four in the "B" league. The same teams will be represented this year with the possibility of two or three new teams being added, according to recreation leader Jack Garner.

Tryouts are scheduled for the next three Saturdays with league play beginning on January 2 at Grossmont Gym.

The league is under the direction of the La Mesa Recreation-Park Department and is sponsored by the following organizations and merchants: La Mesa Optimist Club, La Mesa Rotary Club, La Mesa Lions Club, La Mesa Exchange Club, La Mesa Wom-ens Club, La Mesa Pony League, La Mesa Northern Little League, Schiefer Mfg. Co., and Kitzman's Plumbing.
